

**REMARKS**

In view of the foregoing amendments and the following remarks, consideration of the above referenced application is respectfully requested.

The drawings are objected to because they do not show every feature specified in the Claims. Figure 1 has been amended to show the pivotably retractable handle, as claimed in Claim 6 and 16.

Claims 1- 4, 9-14, 19 and 20 stand rejected under 35 USC §103(a) as being obvious over U.S. Patent Application No. U.S. 2004/0025993 to Russell in view of U.S. Patent No. 6,616,111 to White.

Claims 5-7 and 15-17 stand rejected under 35 USC §103(a) as being unpatentable over Russell in view of White, and further in view of U.S. Patent 6,208,504 to Cho et al.

Claims 8 and 18 stand rejected under 35 USC 103(a) as being unpatentable over Russell in View of White, and further in view of U.S. Patent 7,075,433 to Singer.

Applicant appreciates the Examiner's time granted for the Examiner's phone interview with Applicant's counsel on January 10, 2008. As discussed, it is submitted that neither White or Russell teach a body member having a sleeve adapted to secure a notebook computer therewithin without manipulating the body member.

No additional fees are believed to be due, however, the Commissioner is authorized to debit Applicant's Deposit Account # 10-0096, should any other fees be due.

The Examiner is encouraged to contact the undersigned attorney to resolve any matters which remain by Examiner's amendment where possible.

Respectfully Submitted,

Robert C. Klinger
